

Austin Healey 3000 Mk 3 BJ8

Body Style: Coupe | Steering: Right-hand drive | Engine Capacity: cc | Mileage: miles

Austin Healey 3000 Mk 3 BJ8 - Early Phase 2

A rare UK home-market, right-hand-drive example, built in May 1964 and originally supplied to the Donald Healey Motor Company.

This exceptional Healey has covered fewer than 30,000 miles from new. Between 2008 and 2010, it underwent a comprehensive body restoration and repaint, and more recently has benefited from a full engine rebuild and performance upgrade by a Healey specialist, with fewer than 500 miles covered since completion.

Upgrades and recent works include:

- Alloy cylinder head
- Fast-flow inlet manifold
- Rear-exit sports exhaust
- Electric cooling fan
- Alternator upgrade
- Full suspension overhaul

New wiring loom

Finished in striking Colorado Red with black trim, a black hood and matching black tonneau cover, the car is equipped with overdrive, new black wire wheels and leather sports seats.

A comprehensive history file accompanies the car, together with its original green logbook.

Please note that the registration number 12 JHA is not included in the sale. The car will instead be supplied with its original Warwick registration, AUE 22B.

The car will be supplied fully serviced and with a new MOT, ready for its next owner to enjoy.

£49,950
